Symptoms

Of Defective Vision

Many persons have the idea that defective vision manifests itself only in a failure or inability to see clearly, but itching, burning, smarting of the lids, dull pains in the eyes or head, even the back of the head, all come from irregularities in the optical construction of the eyes and may be entirely relieved by correctly fitted glasses.

DR. J. T. JOHNSON Guarantees to correct every case that he undertakes. If your eyes are giving annoyance consult him at once.

NO CAUSE FOR IT.

The Country People Alarmed at the Reports from Greensboro.

A gentleman from the country yesterday said: "I had some important business in the city but didn't know whether I would be allowed to come in. It is reported all over the country that the town is quarintined against the country, that it is full of smallpox, and everybody is afraid to try to come here." This is all ridiculous and is doing the town great harm. The absolute truth is, smallpox here is confined to one family, closely watched and guarded, all exposed persons have been quarantined and the whole town is vaccinated. Come on to town, friends, there is no cause for alarm and absolutely no danger in coming here.

FANCHON THE CRICKET.

Opening of The Eunice Goodrich Company's Engagement.

The largest audience that has been in the academy of music for sometime, greeted the Eunice Goodrich company last night at the opening of their three nights' engagement here. "Fanchon the Cricket" was presented, with Miss Goodrich as Fanchon. She is a splendid actress and played her part exceedingly well, greatly adding to her already enviable popularity among Greensboro people. Mr. Thaddeus Gray, who is also greatly admired played a difficult part last night and played it well. Every member of the company is good—about as good as popular price companies get to be.

The company is blessed with a good comedian who never lets things get dull. He is Mr. Lew J. Welch. Tonight he will be seen wearing a black face and something good may be looked for. Tonight "Bobolink the Tomboy" will be presented, no doubt to a full house.

Tomorrow afternoon at 3 o'clock a matinee will be given. Ten cents to any part of the house.

DID NOT GO TO DURHAM.

New England Pen-Pushers Asked to Postpone Their Visit.

The New England editors spent yesterday in Winston and returned here last evening intending to leave last night for Durham and remain there today. But soon after arriving here they received a message from Mr. W. A. Slater, president of the Business Men's Association, of Durham, telling them that their visit to that city would have to be postponed. It is understood that Durham's largest tobacco manufacturers had refused to allow the editors to visit their factories and on this account the business men decided to postpone the visit of the editors at the same time extending them an invitation to visit their city later.

The editors left here on No. 35 last night for Augusta.

A Labor Saving Invention.

One of the latest and best products of Greensboro's inventive genius is a time and paper saving ledger arranged by Mr. E. A. Miller, of the Greensboro Steam Laundry. How to best keep the hundreds of small accounts is a question that has been agitated in Mr. Miller's mind for several years and now, we think, he has discovered the shortest and best plan that will ever be devised. It is a ledger, the pages of which are so arranged that eight accounts may be easily kept on each. It contains 200 pages and it will be seen that 1,600 accounts may be kept on it and the number of lines makes it possible to keep that number of accounts for a whole year. The ledger was ruled, printed and bound by the Walker, Evans & Cogswell Co., of Charleston, S. C., who advised Mr. Miller to have it copyrighted, which he will no doubt do.

To The Last Extremity—The Soldiers Prepared For The Greatest Battle of The War.

By Cable to the Telegram.

Manila, March 24—The long expected movement for the capture of Malalos began at daybreak this morning. There has been a lull in the fighting for two days. The position of the troops has been readjusted preparatory to this stroke, which is expected to reduce Aguinaldo to the last extremity. The first troops to move were the brigades of Generals Harrison, Grey and Otis, who struck tents shortly before sunrise. Immediately word was passed along the line, convincing the troops that the greatest battle since the opening of hostilities was at hand Brigadier General Otis occupied a position at Caloocan, which is nearest Malolos, on the road from Manila.

SAD ACCIDENT AT DURHAM.

Mr. W. H. Branson Badly Burned. Condition Critical.

A telegram to Capt J. A. Odell about noon today brought the sad news to his many friends in Greensboro that Mr. W. H. Branson had been badly burned. In what manner the accident occurred is not stated. The news that his condition is critical brings sorrow enough without reciting the harrowing details. He is secretary and treasurer of the Durham Cotton Mills, and Mr. Matthews, the superintendent, was also burned. The following is the first message received:

"Mr. Branson and Mr. Matthews have been badly burned. We have a doctor and trained nurse dressing their wounds.

"Durham Cotton Mills Co."

A second message in answer to enquiry by Capt. Odell was as follows:

"Mr. Branson burnt nearly all over the surface of his body. His condition is critical.

"Mrs. Branson."

The Telegram earnestly hopes Mr. Branson's injuries are not as serious as is now feared. Many earnest prayers will go up for both the unfortunate victims of the cruel blaze.

THE VIRGINIA SENATORSHIP.

Time For New Selection Rapidly Approaching.

INTEREST IN PRIMARY SYSTEM.

Is Again Revived—May Be Adopted in North Carolina Also at Expiration of Butler's Term.

Special to THE TELEGRAM.

Washington March 24—The question of the extention of the primary system in the selection of United States senators is again attracting considerable discussion. In Virginia the agitation has been going on steadily since the defeat of the scheme for a primary to choose the successor to Senator Martin in the last state democratic convention. Now that the time for the selection of a United States senator from Virginia is rapidly approaching, discussion and interest in the question is being revived. It was stated the other day by a democratic politician from Virginia that it would not be surprising to him if the primary system in Virginia should become a fact. It would be, he said, if it became clear that a majority of the democratic party in the state are really in favor of it. The only thing which stands in the way of the adoption of the primary system in Virginia, the gentleman stated, is the attitude of Senator Daniel, but, he stated, he did not believe that Senator Daniel would stand in the way of the adoption of the plan provided the rank and file of the party are in favor of it.

In North Carolina circles there is also much talk as to the adoption of the primary system. The term of Senator Butler expires two years hence, and already a large number of possible candidates have been mentioned, and there is talk to the effect that later on a proposition may be started to submit the selection of his successor, who will almost assuredly be a democrat, to a party primary.

The same is true in Mississippi, where it is understood the three leading candidates for the senatorship, Governor McLaurin, Representative Allen, and Senator Sullivan, besides many other prominent democrats, have declared themselves in favor of a party primary for the selection of the candidate.

In states in the south where the system has already been inaugurated, the opinion is almost universal that the plan has been worked well, and has brought the United States senatorship as near to the people of the state, as is possible under the provisions of the constitution.

The pressure for places in the census bureau is increasing rather than diminishing. The applications from such states as Maryland, Virginia and North Carolina number into the thousands, although the announcement has been repeatedly made by Director Merriam that no appointments will be made until July, except to fill positions requiring expert or scientific knowledge.

Captain Joseph Willard was in the city yesterday being registered at the Ebbitt house. He is accompanied by his wife and child, and daughter, Miss Willard. Captain Willard is prominently mentioned as a possible candidate for congress from the Eighth Virginia district to succeed Representative John F. Rixey. Mr. Rixey is a candidate for renomination.

There has been a lively contest over the postoffice at Winston-Salem. It is believed that the postoffice department will settle the controversy by retaining the name of Winston-Salem for the postoffice, which is said to be satisfactory to the people of both of the North Carolina towns. There is said to be very little opposition to the consolidation of the two offices, but each wants to retain its own identity.

Name of postoffice at Poes, Harnet county, has been changed to Buies Creek. Allison D. Byrd has been commissioned postmaster.

Joseph B. Golding has been commissioned postmaster at Danamora, North Carolina.

Lydia Dollinger has been commissioned postmistress at Hermitage, North Carolina.

TWO AMERICANS SHOT.

The Kansas Troops in The Trenches Fatally Fired Upon.

By Cable to THE TELEGRAM.

Manila, March 24—Insurgents are extremely active in the vicinity of Malabon today preparing defences. They are evidently anticipating attack, and keep well under cover. Yesterday, however, a small body of them emerged from the jungle on the extreme left and fired upon the Kansas regiment in the trenches, fatally wounding Privates Cohen and Musi. Two Spanish prisoners have escaped to Kansas regiment and report Filipinos concentrating their forces at Malabon and Porto, and that only Aguinaldo's body guard has been left at Malos.

The escaped prisoners add that the rebels apparently intend to stake their fortunes upon the fight at Malaban, where the engagement is expected today, and if defeated they intend to disperse to the swamps and mountains. The rebels in the front believe the lotus has charms to avert bullets. They admitted their inability to stand before American shells and bayonet charges.

C., was arrested here yesterday on a warrent sworn out by the postoffice authorities, charging him with the misappropriation of the funds of his office. He was brought before United States Commissioner Mills, and committed to jail in default of bond in the sum of $2,000. He will later be given a preliminary hearing.

NOT SO DEAD.

In a letter from H. E. C. Bryant in the Charlotte Observer this morning, commenting upon evidences of the busy life, energy and thrift of several towns in the state, we notice the following concerning Fayetteville, the old "metropolis of the Cape Fear," peopled with some of the best people on God's footstool. That good old Fayetteville is not the dead town "and going to be deader" we recently heard so strenuously argued is abundantly proven by this paragraph:

Fayetteville is one of the fortunate towns. She seems to be shaking off the sleep that has wrapped her old bones for many years, and is now taking on new life. Indeed, she is proud of her past and hopeful of her future. Soon the town is have a mill for spinning silk. It will require 1,000 or more operatives to run the plant. Northern capital is at the back of the concern. The site has been purchased and soon work will begin on the buildings. There is also talk of new cotton mills and two new railroads. A road is now being surveyed from Fayetteville to Southern Pines or Aberdeen and thence to Concord, via Albemarle.

The people of this city have responded nobly to the vaccination ordinance. Information gathered in the most careful and accurate manner, and published yesterday, shows that about nine thousand persons have just been vaccinated. This number, together with those who have certificates of previous successful vaccination, just about takes in the entire popuuation of the city. Thus, Greensboro people stand almost a unit when it comes to protecting the health of the city against a dreaded smallpox epidemic. Now, let that large number of people resolve that other health regulations shall be enforced with equal vigor and many cess-pools of filth and rottenness will be seen in our city no more forever, and when summer comes, watermelon rinds and other refuse matter will not lie festering in the sun to breed disease.

If the fearful havoc inflicted by typhoid fever in the cities could be laid at the door of smallpox, what a fearful commotion would be aroused in the land! Yet the deadly germ goes on in its work of destruction comparatively unnoticed by the health officials. The report Wednesday of six deaths and one hundred new cases in Philadelphia is a fair sample.

Winston must have "hoodooed" the New England Newspaper League yesterday. Their itinerary for this state had been arranged for visiting Durham today and Asheville tomorrow, but on reaching this place from Winston last night they quietly hooked on to No. 35 and scooted straight to Augusta, Ga., giving even Charlotte the go-by.

A few evenings since editorial writers in daily newspaper offices all over the country were preparing obituary notices to the memory of John Sherman. But the old fellow has cheated death again, and the latest news reports him sitting upon the deck of the Paris placidly viewing Santiago.

A Popular Resort.

"Few people in this state," said the Pullman conductor, "realize what a great and popular winter resort Southern Pines is. There were 2,300 northern people there last week. In saying Southern Pines I do not include Pinehurst, which is connected with Southern Pines by an electric road. At Pinehurst there were 700 people and at Southern Pines 1,600. A few people are still going there, but most of the travel is now northward. Sometimes we take them home a car full at a time. The best part of it is that the crowds grow larger every year."—News and Observer.

For frost bites, burns, indolent sores, eczema, skin disease, and especially Piles, DeWitt's Witch Hazel salve stands first and best. CORNELL BASEBALL TEAM.

Several New Features for the Early Training of This Team.

The management of the Cornell baseball association, whose team is to play here this spring, have this year introduced several new features for the early training of the team, the lack of which has been felt by the student body. Among these are the engagement of Hugh Jennings, of the Baltimore team, as coach. Mr. Jennings has for several years past coached the University of Georgia team, and aside from his reputation as one of the best ball players in the country, has already shown by the improvement in the batting of the team that his ability as a coacher is not far behind.

Another plan has been adopted for the first time this spring of taking the team on a two weeks' trip during the Easter vacation. This promises to be one of the greatest sources of benefit for the team, as games have been arranged with the leading universities of the south, including Virginia, Mercer, Georgia and Vanderbilt, and although the last of March and the first of April will be somewhat early to judge comparative strength of the team it is certain that the result of the games will be watched with great interest as showing to a certain degree the ability of the larger colleges of the north against those of the south.

The Cornell team will be carried over the larger part of the trip by the Southern railway, and the majority of the games will be played on their line at Greensboro, Charlottesville, Winston, Macon and Atlanta.

This trip will do much to extend the already large reputation of Cornell in the south, and it is hoped that the practice of sending teams among the southern colleges will be continued by them.

Finest Thing on Record.

Lady Randolph Churchill is popularly credited with the intention of editing a magazine here that shall have none but blue-blood contributors. It will be the finest thing on record, but it has already received a preliminary sarcastic tribute from the irreverent Max Beerbohm. He says:

Have you heard of the wonderful new magazine
Lady Randolph's to edit, with the help of the Queen?
It's a guinea a number—too little by half,
For the crowned heads of Europe are all on the staff!
And every one writing—verses, fiction or views—
The best blue blood ink must exclusively use;
While (paper so little distinction achieves)
'Twill wholly be printed on strawberry leaves,
And lest the effusions so dazzlingly bright
And brilliantly witty should injure the sight,
A pair of smoked glasses (of ducal design)
Will go with each copy so to shelter the eyne.
The articles promised already or written
Suggest what a treat is preparing for Britain.
The Princess of Wales will describe a new bonnet,
The Spanish Queen Mother has offered a sonnet,
Provided that all whom its scansion may beat
Will refrain from indelicate mention of feet;
And the Duchess of York has accepted the section
Devoted to "Babies, Their Tricks and Correction."
The Czar will contribute a fable for geese
On "Breaking Up China and Keeping the Piece!"
Such, such is a hint of the new magazine
Lady Randolph's to edit, with the help of the Queen!

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. Sold by C. E. Holton.

The Grand Jury at Chiago, Ill., has indicted John Collins and Ann Ingersoll, under arrest at Painesville, O., for kidnaping little Gerald Lapiner.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles, Insist vigorously on having it if "something else" is offered you. Howard Gardner.

A Lesson In Patience.

When the eminent botanist Professor Aitman of Glasgow was a small boy, he had the present of a silver bit, whereupon his mother was so worried with questions as to what he should do with it that she exclaimed, "Really, you had better go to Thomas Elliot's (a well known pharmacist) and buy sixpence worth of patience."

Down the street marched the lad and demanded of the chemist, "Mr. Elliot, please give me sixpence worth of patience."

Mr. Elliot, taking in the situation at a glance, said: "Certainly, my boy; there's a chair. Just sit down and wait till you get it."

Professor Aitman's endeavor to purchase patience was a great success. It made a deep impression on the lad and was one of the factors of his success in life.

A Soldier's Blanket.

This story, told of Sir Ralph Abercrombie, the victor of Aboukir, shows that even in death he did not forget consideration for others. After the battle at which he was mortally wounded he was carried on board a ship, and a soldier's blanket was placed under his head to ease it. He felt the relief and asked what it was.

"Only a soldier's blanket," was the reply.

"Whose blanket is it?"

"Only one of the men's."

"I wish to know the name of the man."

"It is Duncan Roy's, of the Forty-second, Sir Ralph."

"Then see," said the dying general, "that Duncan Roy gets his blanket this very night."

He Might Have Married.

Fitz-Greene Halleck never married, yet, as Mr. Howe reminds us in his "American Bookman," he could not have been without attractions, for a certain superior lady is reported to have declared:

"If I were on my way to church to be married, yes, even if I were walking up the aisle, and Halleck were to offer himself, I'd leave the man I had promised to marry and take him."

To this, perhaps, should be joined his epigram, written for a young lady who had asked for his autograph:

There wanted but this drop to fill
The wifeless poet's cup of fame.
Hurrah! There lives a lady still
Willing to take his name.

A Xantippe Outwitted.

An Englishman of Lymington had the misfortune to live in a continuous quarrel with his wife, who was a modern Xantippe and threatened in case she survived him to dance over his grave. It was her lot to outlive him, but it was not so easy to carry out her threat. The husband had the precaution to make an injunction in his will requiring his body to be buried in the sea, near his residence, and without ceremony. The injunction was complied with.

On the Contrary.

"Isn't that a fire alarm bell that's ringing?"

"Well, I should say not. That's the bell of the Universalist church."—Chicago Tribune.

Rev. E. Edwards, pastor of the English Baptist Church at Minersville, Pa., when suffering with rheumatism, was advised to try Chamberlain's Pain Balm. Should any sufferer profit by giving Pain Balm a trial it will please me." For sale by C. E. Holton.

Ex-Alderman Joseph R. Clark, of Brooklyn, N. Y., has been acquitted of accepting a bribe from Harris & McGuire, contractors.

Will Stop at Winston.

Washington, March 23—Chief Brewer of the postoffice department will stop at Winston on his way to Washington from Cuba, and investigate the situation there in view of the protest against consolidating the Winston-Salem postoffices.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—Josh Edgar, Germantown, Cal. For sale by C. E. Holton.

The Plains of Abraham, near Quebec, sacred in the war history of Canada, have been surveyed for building lots, despite protests from historical societies.

Opening of the Social Season and Inauguration of the Magnificent

New York & Florida Limited Service

JANUARY 16, 1899.

The opening of the Florida season will be signalized this year as usual by the placing in service of the "New York and Florida Limited" between New York and St. Augustine, Fla. This is acknowledged to be the finest train in the world, in its appointments, luxury and detail of finish, and the first of these trains was constructed by the Pullman company for the use of the President of the United States on official tours.

"The New York and Florida Limited" leaves New York daily except Sunday at 11:50 a. m., via the pennsylvania Railroad, the Southern Railway, Florida Central & Peninsular R. R. and the Florida East Coast Railway, and reaches St. Augustine at 2.20 p. m. the following day, making the run, which exceeds 1,000 miles, in little more than twenty-four hours. No train has attracted so much attention, and its fame has been heralded wherever railroading is known. It is composed of Pullman compartment cars, each room being finished in different woods and supplied with private lavatory and toilet; Pullman drawing-room sleeping cars of the latest pattern and finish; a royal club car for the gentlemen; an observation car with a handsome drawing room at its rear opening on to a wide platform; a library car, and dining car, in which the service and the cuisine rank with the finest New York hotels. This "New York and Florida Limited" runs through solid to St. Augustine with the exception of one car which is detached at Columbia, S. C, and goes through to Aiken, which it reaches at 9:35 the next morning after leaving New York, and Augusta at 9:50. Brunswick and Jeckyl Island are conveniently reached by this train at 12 o'clock noon through the perfect connections afforded at Everett, Ga.

There are two other fine trains between New York ond Florida via "The Florida Short Line," one the "Washington and Southwestern Vestibule Limited," leaving New York at 4:20 p. m. daily, and the "United States Fast Mail," leaving New York at 12:05 midnight. The former train carries through Pullman drawing room sleeping cars between New York, Jacksonville and Tampa, and also offers Pullman sleeping car service between New York and Augusta, Ga., with connections for Aiken, Brunswick and Jekyl Island. The latter carries through drawing room sleeping cars between New York and Jacksonville, connecting with parlor car service to points on F. C. & P. R. R. and F. E. C. Ry. Dining cars are operated on all trains of the Southern Ry. "The Florida Short Line" in connection with the Florida East Coast Railway to Miami offers the most direct, quickest and delightful service to Nassau, Havana and Key West. For full information, reservations, etc., apply to J. L. Adams, G. E. A., F. C. & P. R. R., 353 Broadway, New York, or to A. S. Thweatt, E. P. A., Southern Ry, 271 Broadway, New York.

Scrofula to Consumption.

Any one predisposed to Scrofula can never be healthy and vigorous. This taint in the blood naturally drifts into Consumption. Being such a deep-seated blood disease, Swift's Specific is the only known cure for Scrofula, because it is the only remedy which can reach the disease.

Scrofula appeared on the head of my little grandchild when only 18 months old. Shortly after breaking out it spread rapidly all over her body. The scabs on the sores would peel off on the slightest touch, and the odor that would arise made the atmosphere of the room sickening and unbearable. The disease next attacked the eyes, and we feared she would lose her sight. Eminent physicians from the surrounding country were consulted, but could do nothing to relieve the little innocent, and gave it as their opinion that the case was hopeless and impossible to save the child's eyesight. It was then that we decided to try Swift's Specific. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.
MRS. RUTH BERKELEY,
Salina, Kan.

Scrofula is an obstinate blood disease, and is beyond the reach of the average blood medicine. Swift's Specific

S.S.S. For The Blood

is the only remedy equal to such deep-seated diseases; it goes down to the very foundation and forces out every taint. It is *purely vegetable*, and is the only blood remedy guaranteed to contain no mercury, potash or other mineral substance whatever.

Bryan on Taxation.

Nashville, Tenn., March 23—Col. William J. Bryan delivered an address before the general assembly today. In the course of his speech Colonel Bryan said:

"The people should be taxed only a sufficient amount to economically administer public affairs. The application of taxes becomes obnoxious when taxes are so collected that a portion of wealth escapes taxation. Every citizen should contribute to the support of the government in proportion to the benefit he derives. 'Give me wisdom to govern my people aright' should hang in the office of every public official."

First Regiment Sails Saturday.

The First North Carolina Regiment will sail from Havana Saturday and should arrive at Savannah, Ga., early next week. This will be welcome news to the friends of the boys of the First.

The information came in a letter from Mr. John Foster, son of Mr. W. E. Foster, of this city, who is a member of Company K, Governor's Guard, First North Carolina Regiment. Mr. Foster writes:

"Orders have been received for our immediate muster out. We sail Saturday on the Vigilancia for Savannah. All the boys are rejoicing over the prospect of soon being home again."—Morning Post.

Beats The Klondike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemmorhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottle free at C. E. Holton's drug store. Regular size 50 cts. and $1.00. Guaranteed to cure or price refunded.

Baldness Can be Cured

just so long as there is a particle of vitality left in the hair roots. The fact that the head is smooth and shining is no positive proof that the roots beneath are dead.

Deep down beneath the skin, hair roots may yet exist, filled with latent vitality, and all that is required to develop them into a beautiful head of hair is the faithful application of the proper agents.

Seven Sutherland Sisters'

preparations furnish the easiest, surest and quickest way to ascertain if there is or is not latent life beneath a head bare of hair. Why not try them?

MRS. HOUSEKEEPER:

Please permit us to ask you a very pointed question: Have you a Universal Food Chopper? By this we do not mean a meat grinder, but a Chopper, which takes the place of chopping bowl and beater.

It chops meat, of course, but it does more. You can chop ham, cocoanut, or bread instead of grating it. You can—but we can't tell it all here. Our booklet gives full information Free. You will have use for it every day in the year. It is very simple and very cheap. Please call and let us show it to you. Yours truly,

Shrier's First Offerings.

We take pleasure this season in presenting for your consideration what we consider the finest assortment of Form-Fitting Shoes for men and ladies, misses and children, ever shown in Greensboro.

Our lines for Spring are now complete and only await the prestige of your approval.

Every new idea in quality and finish, ease and comfort, grace of style and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to conduct our business, we are enabled to sell our goods 25 per cent cheaper than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is a very important one. We feel if you call on us, we can answer the question to your entire satisfaction, and make a lasting impression besides.

Do not be deluded by the thought that the assortments in the large cities are greater. True, the quantity is greater, but the assortment is no better, and the price is correspondingly higher, owing to the increased expense.

Kindly call on us at your earliest convenience and allow us to prove to you that these statements are true.
